

India's Leading Tech-Driven LED Lighting Solutions.

Commercial | Residential | Decorative | Landscape

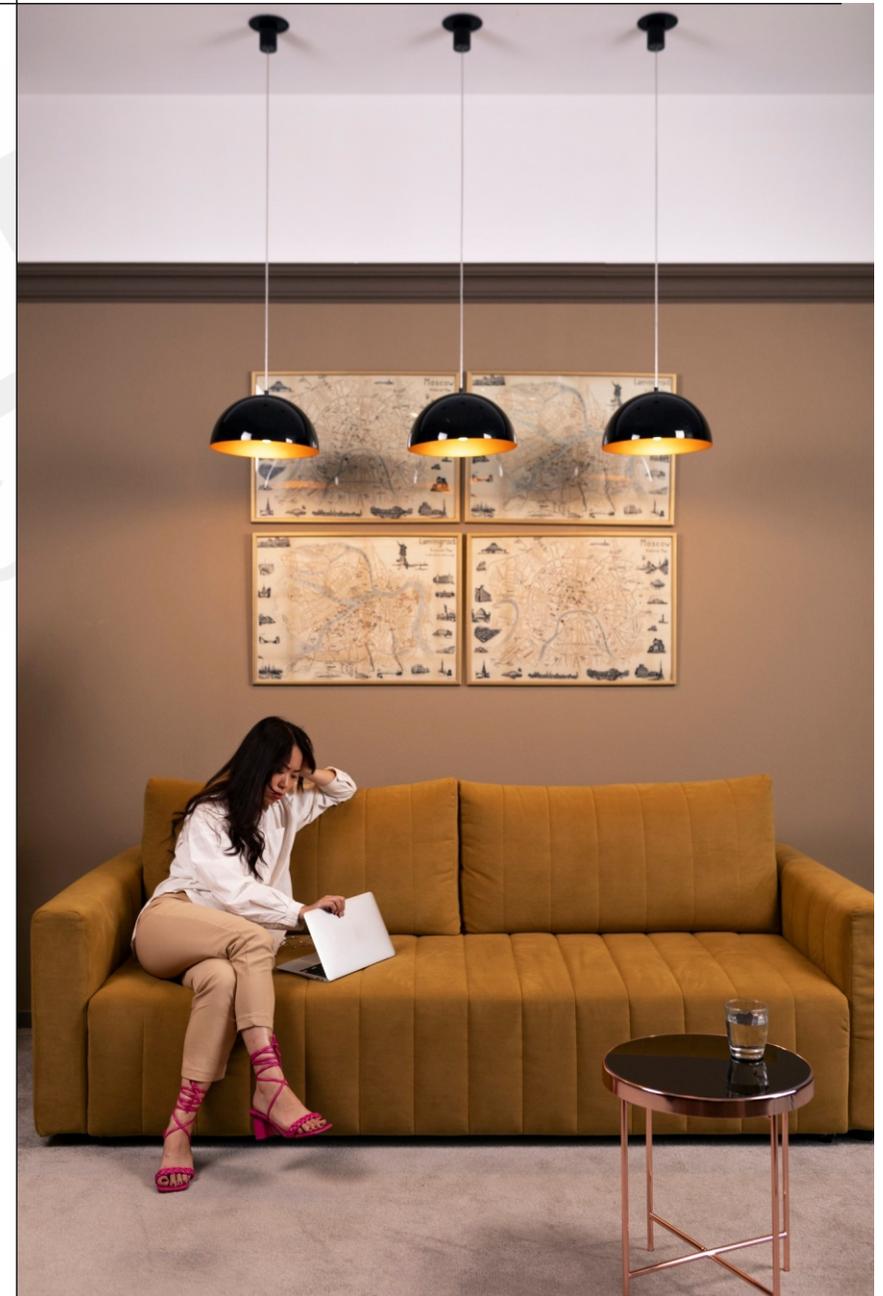

We are redefining lighting for generations.

Our story spans over four decades of unwavering commitment to quality, innovation, and sustainability. Founded in 1979, Noble Electricals began with a bold vision: to light up India with tech-driven, high-quality lighting solutions.

As one of India's pioneering LED manufacturers, our mission is to seamlessly combine world-class quality with a price-conscious approach. We are dedicated to ensuring that India has access to cutting edge lighting solutions — without compromise — while upholding global standards of excellence.

Our core competence lies in the in-house development and manufacturing of cutting-edge LED lighting products. We take pride in delivering customised lighting solutions tailored to the unique needs of our clients. Whether it's through our OEM partnerships, extensive dealer network, or collaborations with architects and consultants, we ensure that our products meet the highest standards of performance and design.

- 4+ Decades of Innovation
- Pioneers in India's LED Lighting Industry
- Global Excellence with Cost-Effective Solutions
- In-House Design and Manufacturing

1979

Founded by Shri Ramji Dass Bajaj with a vision to revolutionise the Indian lighting landscape.

Entered the manufacturing sector with a strong foothold in the production of conduit pipes and accessories.

1988

2008

Pioneered the LED manufacturing movement in India.

Expanded its footprint into multiple industries, diversifying its product range.

2010

2011

Became OEM for some of India's top brands, cementing its reputation in the market.

Achieved a significant milestone expanding its distribution network and deepening its reach across the country.

2018

2020

Launched India's first non-magnetic profile light, a groundbreaking innovation in the lighting industry.

On track to become the leader in the Indian lighting market with plans for cutting-edge innovations.

2025

NOBLE EVERYWHERE.

NOBLE EVERYWHERE.

NOBLE EVERYWHERE.

NOBLE EVERYWHERE.

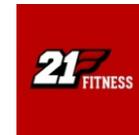

NOBLE EVERYWHERE.

NOBLE EVERYWHERE.

NOBLE EVERYWHERE.

- LED EXPO 2010 • LED EXPO 2011 • LED EXPO 2012 • LED EXPO 2013
- LED EXPO 2014 • LED EXPO 2015 • LED EXPO 2016 • LED EXPO 2017
- LED EXPO 2018 • LED EXPO 2019 • LED EXPO 2022 • GUWAHATI EXPO 2023
- NEPAL EXPO 2024 • LED EXPO 2024

The spaces that shape India's future – we light them.

Our edge? An eye for trends, a passion for technology, and a heart that's conscious of pricing.

- **Tomorrow's technology, today**

Our agile approach to innovation helps us make advanced solutions accessible to India before the rest of the world.

- **In-house manufacturing**

Our years of expertise and resources enable us to control our processes, ensuring the highest quality standards.

- **Sharp understanding of the Indian market**

Tailored offerings to meet critical parameters such as design, safety, and range.

- **Robust distribution channel**

By fully leveraging demand and supply advances, we ensure our solutions meet client timelines.

SUSTAINABILITY IN EVERY SPARK.

We believe in being people-first, planet-friendly, and tech-forward. Our commitment to the planet drives us to innovate with purpose. Noble's very birth celebrates the belief that **innovation and sustainability can co-exist**.

Our dedicated R&D team continuously pushes the boundaries of green technology, ensuring our products are **energy-efficient, with reduced carbon footprints and longer product life cycles, leaving minimal environmental impact**. We are lighting the way to a cleaner future — solutions that shine bright but are also kind to the planet.

LED LINEAR LIGHTING

LINEAR LIGHTING

Linear Light is the use of many Light emitting diodes "LED's" Packaged together in a long narrow housing to create a diffused strip of light. This simple concept has revolutionized the way we light up spaces

We integrate premium components to enhance our product performance.

Smart control at a tap.

LED ZOOM & LOTUS MOVABLE DOWNLIGHT

LED ZOOM DOWNLIGHT

360° Rotation

70° pull out

LED LOTUS MOVABLE

Features:-

- Recess mounted adjustable spot light
- Ideal replacement for CDMT & halogen spot lights
- Ideal for high intensity directional lighting from a point source
- The fixture can be adjusted in such a manner that it comes out of the ceiling

Features:-

- Deep recessed adjustable Downlight
- High efficiency die casted aluminum body
- Good heat dissipation

NE BELT FLOOR CANOPY		130 MM	60 MM	117 MM
NE BELT END CAP		34 MM	11 MM	11 MM
NE BELT SUPPORT ROD		1000/1500/2000/2500/3000 MM		

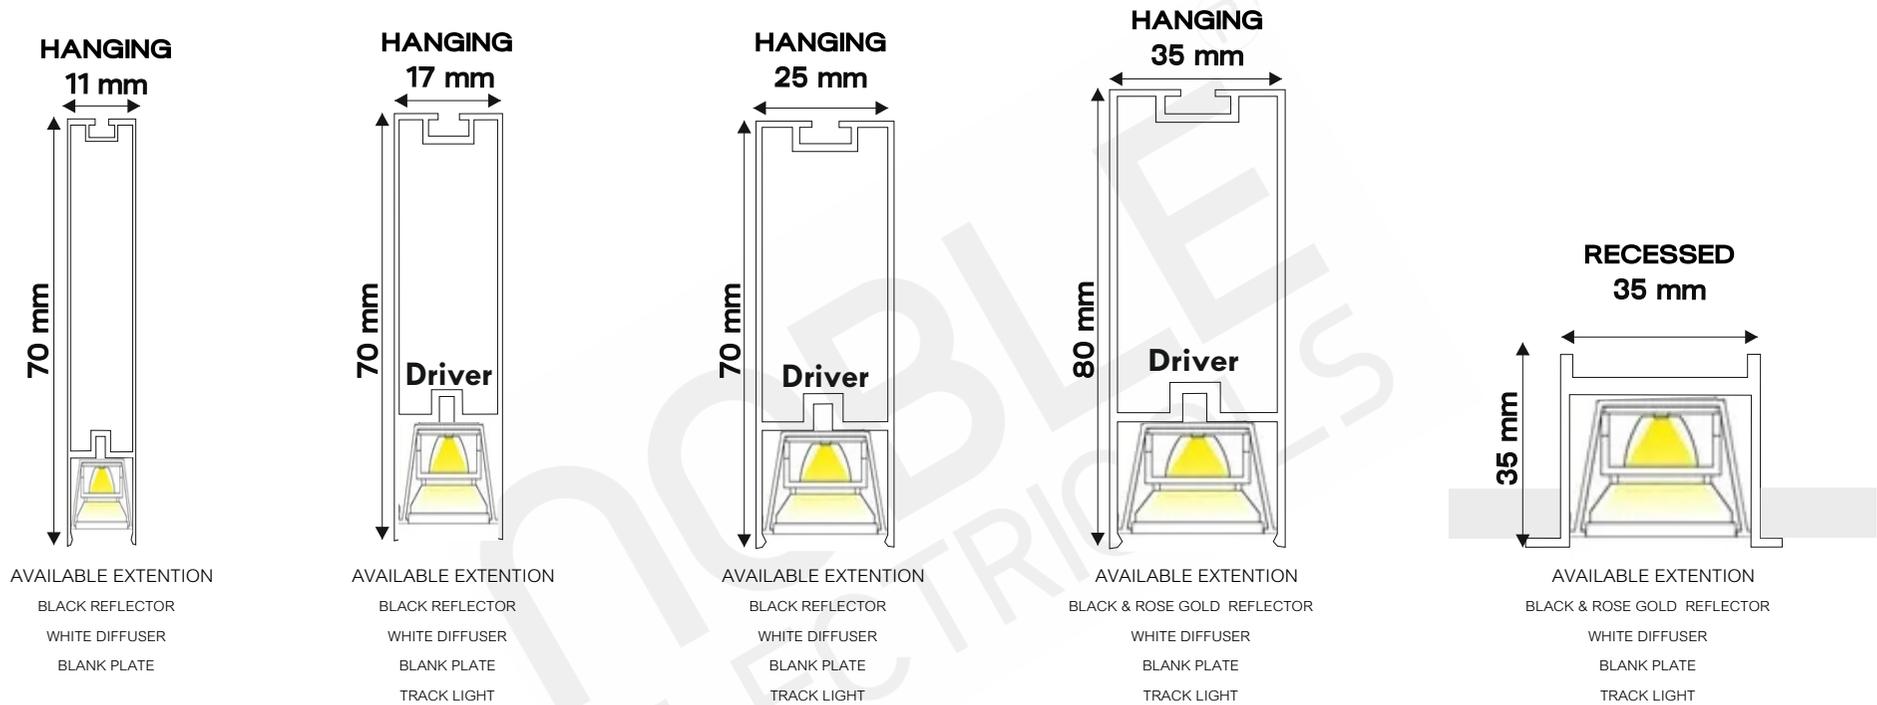

Features:-

- Fabric magnetic lighting system (Available in brown & grey fabric track)
- Easy to pick and place lights according to your application
- Woven magnetic track that can be shaped as freely as a rope.
- Endless number of design possibilities
- It comes with multiple extensions and accessories to play around with
- Safe to touch while it is running

Color temp -3000k/ 4000k / 6500k

LED MAGNA BLADE PROFILE

THESE ARE THE 4 EXTENSIONS AVAILABLE

LED MAGNA BLADE PROFILE COMBINATIONS

LED MAGNA BLADE PROFILE

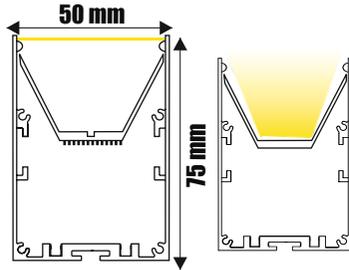

MODEL	WIDTH	HEIGHT	CUT DIA	LENGTH
NE MBL BLADE 1170	11 MM	70 MM		2440 MM
NE MBL BLADE 1770	17 MM	70 MM		2440 MM

LED OUTDOOR POLE LIGHT

LED POLE LIGHT

MODEL	WATTAGE	HEIGHT
NE POLE 1	30w	3000 MM
NE POLE 2	40+60w	3000 MM
NE POLE 3	40w	3000 MM
NE POLE 4	36w	3000 MM
NE POLE 5	80w	2400 MM
NE POLE 6	30+40w	2400 MM

Features:-

- Pressure die casted Aluminum body
- Hollow heatsink design increase more air flow for better heat dissipation

LED INDUSTRIAL LIGHTING

Designed to illuminate large, open spaces. Combines high performance with a durable design, ideal for factories, warehouses, and loft-style interiors.

We integrate premium components to enhance our product performance.
